

EUROPEAN YOUTH PARLIAMENT

What can it offer you?

EXPRESS YOUR OPINION

we are a forum for exchange of thoughts and ideas. During our events you can listen to others and also voice your own opinion about European issues through speeches, discussions and debates

WORK TOGETHER

in a group of peers you research the issues that play in European societies. Together, you come up with a solution, and eventually present your ideas to other teams during a debate.

MEET NEW PEOPLE

EYP is not only about learning and debating, it also hosts other activities. We have an international network of 30.000 young people, so you are guaranteed to make new friends at every event

DISCOVER EUROPE

the EYP network is active in over 30 different countries. Discover new cultures and attend events abroad as participant or volunteer.
